HOLIDAY SHOPPERS THRONG CAMERON STORES SATURDAY

COUNTY OFFICERS TO TAKE OFFICE ON JANUARY 1

VINCE LUCAS TO AID ROGERS IN LAW ENFORCEMENT PROGRAM.

County officers elected at the general election November 7, will begin their terms on January 1.

A number of new faces will be found among those who serve the people in the elective offices of the county. Drew S. Rogers of Buckholts who was elected sheriff will succeed Leonard L. Blaylock, and H. M. Roark who was elected county clerk, will succeed Will T. Yates. J. O. Hughes unsuccessful candidate for county superintendent, has been made chief clerk under H. M. Roark in the clerk's office and H. H. Hartsfield who was defeated for tax assessor has been made office deputy for Sheriff Drew S. Rogers.

City Marshal Vince Lucas will be employed by Sheriff Rogers on a cooperative law enforcement basis and will be known and used as field deputy for the new sheriff. This work will not interfere with the work of Mr. Lucas and the arrangement here is regarded as one of great consequence for law enforcement.

The new regular term of the grand jury will convene in May. It is however possible that an extra session will be called in the event necessity develops.

Sheriff Leonard L. Blaylock in retiring from office will become associated with the First National Bank of Cameron as an outside man.

County clerk Will T. Yates will take up dairy farming on his plantation near the city limits.

Miss Minnie Mays has been made first assisstant clerk in the office of Mr. Roark. The chief clerkship now held by Mrs. K. K. Robbins, will be held by J. O. Hughes.

No other changes are to be made in the official personnel of the county offices.

WOODROW WILSON IS 66 YEARS OLD TODAY

Woodrow Wilson is 66 years old today.

This is Mr. Wilson's happiest birthday since he saw his great ideal—the League of Nations—cast into the scrap heap by the senate.

The great statesman of history about whose ideals for world peace the heart of all civilization throbs, is secure in the affection of America and surely no time will ever come when his democracy will cease to be the guiding genius for world government.

Attaining the age of 66 years, after a heroic battle to regain his health, the white-haired leader of America during the war sees his shattered dream of the Versailles treaty fight "party coming true."

He gave his health to fight for his contention that America must lead the way toward a restoration of Europe. After isolating itself from Europe for nearly three years, Wilson sees this government seeking a way to prevent the collapse that threatens Germany and other parts of the continent—a move characterized by senate irreconcilables as Wilsonian.

A delegation from the Woodrow Wilson foundation, headed by Hamilton Holt and Rabbi Wise, will call on the ex-president Thursday and inform him that the fight for his ideals of international peace is being carried on by the foundaton.

Mr. Wilson's friends are happiest because his health is much better than at any time since his long illness. He has a good chance to shake off completely the effect of the paralytic stroke and his friends believe he soon will take a much more active part in public affairs.

Scores of birthday gifts and hundreds of messages from friends throughout the world have been received at the S. street house in Washington.

CAMERON GIRL CITED FOR EXCELLENCE IN DOMESTIC STUDIES.

Miss Margaret McDermott, daughter of Giles McDermott of Cameron, who is attending the state normal school at San Marcos, has been cited for excellence in the study of domestic arts when recently a dress made by her was judged to be the best made by any student in the normal and placed on exhibition there.

Miss Margaret in making this dress has not only earned citation for excellence in domestic arts but has shown remarkable advances in her studies at the school. With her sister Mary Agnes McDermott, they studied domestic art in the Yoe High School under Miss Motie Cass, then a member of the faculty.

Both the Misses McDermott were home to spend the holidays with their parents and their many friends in Cameron will be pleased with their progress in the state normal

38TH LEGISLATURE TO GET UNDER WAY

SESSION TWO WEEKS OFF TO HAVE FULL PERSONNEL FOR FIRST TIME.

Austin, Texas, Dec. 26.—Two weeks from today the regular session of the Thirty-Eighth Legislature will get under way and a week later Governor Pat M. Neff will be inaugurated for a second term.

For the first time in Texas history, the Legislature will have its full strength, the Senate with thirty-one members and the House with 150. For some years the Senate has been at maximum, but this will be the first Legislature in which the House will have its full quota.

Already the campaign for speakership has gotten well under way and one of the issues raised is whether the next Speaker shall be a farmer or an experienced legislator, or whether he shall be new.

R. E. Seagler of Palestine is the only member of the last House who is a candidate for Speaker, the other candidates being new members without legislative experience. The other candidates are Lewis Carpenter of Dallas, Tom Shires of Waco and J. L. Winfree of Houston.

All of the four candidates visited Austin recently and made arrangements for opening their headquarters. There are now twelve members of the House in Austin and much informal caucusing goes on. When the headquarters are formally opened next week, more members will begin to arrive, especially those who are to act as lieutenants for the candidates. Each is expected to have a headquarters manager.

An electric voting machine is to be tried out in the House for the first time in the history of a Texas Legislature. With 143 members, the roll calls in the House were tedious and time-consuming. With 150 members, it would be worse. It remains to be seen whether the machine will be a success.

It has not been purchased, but was installed for trial on a rental basis It has the capacity of 150 members and totals the votes immediately upon the pressing of a button. Likewise, it makes a photographic copy of the result for the legislative record, which is published daily.

Much and aried legislation has been predicted for the coming session, but it is certain that two propositions that will occupy much attention will be the matter of calling a constitutional convenion and the taxation problem the latter in connection with

(Continued from page 2.)

MARCH WRITTEN BY PROF. MEDSKER IS GIVEN NAME HERE

"CAMERONIAN" MARCH TO BE BROADCASTED BY RADIO FROM WACO SOON.

The march written by Prof. Paul H. Medsker, director of the Cameron Municipal Band and played for the first time at the concert of the band on Monday night has been named the "Cameronian" march.

Mrs. A. S. Epperson won the prize for the best name selected as awarded by the judges who were Dr. Jas. Waston, Paul H. Medsker and Mayor J. B. White.

This title was selected as the best from three titles judged to be the most appropriate from which a final selection could be made. Mrs. W. B. Skelton and Doris Robinett each submitted the same title as follows "Medsker's Melody March." This was declared the second best of the titles submitted. "The Cameron Muncipal March" suggested by Harriett Flinn was declared third best.

This march to be known as the "Cameronian" march will advetise Cameron as well as enhance the reputation of Mr. Medsker as a composer. The march will be broadcasted by radio from Waco in the near future. Mr. Medsker is planning a concert tour with the band, using the program that was rendered at the school house Monday night.

LIVESTOCK ASSOCIATION TO MEET JANUARY 2.

The next regular meeting of the Milam County Purebred Livestock and Poultry Association will be held in Rockdale on Tuesday January 2. This association was organized in the spring of this year to encourage the breeding of better livestock on the farms of Milam county.

Sam Mewhinney of Buckholts is president of the association and J. B. White of Cameron is secretary and treasurer of the association. The headquarters of the association are in Cameron but meetings are alternated between Cameron and other towns of the county.

Mysterious Skull May Be Connected With Tragedy

The finding of a portion of a woman's skull here yesterday was believed by some of the officers to have been possibly connected with the mysterious finding of the headless body of a woman in the Leon river south of here several years ago. Newt Bigham, 407 East Avenue A. found the piece of bone in his front yard yesterday morning, apparently left there by some dog that had picked it up somewhere.

The skull showed evidences of having been exposed to the weather for some time and the top part of it had been sawed off. The teeth had been knocked out and it was badly crushed. While it was generally believed that this was a medical specimen and that students of physiology had used it in their work to study anatomy, some believed that it might in some way be connected with the mystery of the headless woman found several years ago. It was recalled that the woman's arm's had been sawed off and the body had been hacked with a saw until it could not be recognized.

The smallness of the mouth and of the whole skull indicated, physicians said, that it was either that of a woman or a child. The skull, it was said, will probably go on record with the headless body as unsolved mysteries, though physicians are inclined to believe that it is a discarded piece of skeleton used for scientific study. —Temple Telegram.

HARDING IS GIVEN SPLINTER OF CROSS THAT BORE CHRIST.

Washington, Dec. 27.—A tiny splinter of wood, said to have been a part of the cross on which Jesus Christ was crucified, was presented to President Harding Wednesday by Archbishop Panteleimon of the Orthodox Greek church at Neapolis, in Palestine. At the same time the president was made a knight of the Order of the Holy Sepulchre by the archbishop, who appeared at the White House in the full dress of his office, carrying a long gold wand and other insignia of his rank.

The splinter presented to the president was imbedded in soft wax and enclosed in a gold box set with diamonds. The archbishop acted in the ceremony as the representative of the patriarch of the Greek church at Jerusalem and made the presentation as a recognition, the formal address said, of the interest taken by the president in the church.

Lost Child Found Asleep In Office

A four year old child attending a picture show in Cameron Monday night with its parents, walked out of the show and disappeared and for several hours a search was made under the direction of officers here. The parents, interested in the show did not see the child when it left its seat but quickly gave the alarm when no trace of it could be found.

Officers N. O. Kennedy aiding the parents enlisted the help of others and a search was begun. After more than an hour Mr. Kennedy noticed that the door leading to the offices in the First National Bank building was open and thinking perhaps the child in its wanderings had gone up the steps went to the second floor and began a search. With him was the

(Continued on page 4.)

ESTIMATES SAY TEN THOUSAND BOUGHT HERE

BIGGEST DAY IN HISTORY OF TOWN SAY MERCHANTS OF SATURDAY BUSINESS

Conservative estimates place the number of holiday shoppers that thronged the city last Saturday at ten thousand.

The verdict of the merchants everywhere is that it was the biggest sales day in the history of the city. So crowded were the stores that not only was extra help required but in many cases it became necessary to handle the crowds ay admitting them gradually to the counters where the holiday good were piled high.

Some of the merchants report their stocks depleted so that it will be unnecessary to carry over holiday goods The trading was unprecedented in all lines of goods as well as holiday goods.

The merchants of Cameron preceeding the holidays began and successfully carried out a big advertising campaign through the local newspapers. The papers told the public through their columns of the manifold shopping opportunities to be had in Cameron and the advantages of Cameron trade offers and in this way the pre-Christmas shopping spirit was carried to the whole county and adjoining counties.

Itis said that not the only did the people of the trade territory proper respond to the advertising but that many came from adjoining counties to buy from the progressive merchants of Cameron.

Aside from the spirit of advertising other sources like good roads and the reputation of Cameron as a great trade center contributed to the big day Saturday.

The merchants of Cameron are beginning the new year with great spirit and are determined that 1923 will be another banner year. They will employ progressive measures as usual and at all times undersell and

(Continued on page 4.)

Vote For the Street Paving Bonds

Some one might say that because we are now paying the big tax bill we ought not to say much about the street paving, but we are convinced, from some years experience, that the ultimate consumer is called on to pay the bill and we can claim the right under this natural law to speak up and say that we are ready to bear our part and rejoice over the prospect of a town rising above the cross roads level. We are all going to have to help pay. We ought to go into this advance for the town with hearty good will.

Somethings we need and ought to have, and somethings we simply want because of the satisfaction and joy we get out of them. For all these reasons we ought to try for the paved streets for at least the business district of our town.

We need something adaquate done for the streets of the business district. Dust has to be kept down if our stocks of goods are going to be kept on display. That means that water must be used on the streets and the automobile traffic over these watered streets at once developes a labyrinth of four inch "chug holes" that is hard to understand even when you know the cause of it. It can't be remedied by more gravel or by scarifying. The most convincing argument we know of for paving the business district is a ride over the streets of that district. It gets jarred into you.

We ought to have our streets paved. For the same reason one desires a new car and a pretty lawn and an attractive house. It is the appeal of the beautiful. Yet one will spend money on his yard and buy a new car every two years and spend hundreds of Dollars for improvements in order to have things look right, and then have a street before him that is unsightly and unsatisfactory not to say costing as much as a paved street would cost.

It ought to be done. For the sake of the impression our town makes on those who come to visit us or those who are merely passing through. Tourists will remember the streets of Cameron, but not with any degree of pleasure. We do not wish to have to be making excuses for the streets as we take our friends out to see the town. It will cost us something but we will at least not be ashamed.

There are somethings we want because of the joy we get out of them and the lasting satisfaction they are to us. When we get our city paved there will not be a man woman or child in Cameron who will not find a pleasure in the fact.

We believe in Cameron. We are going to have a bigger and a better town. Let us show that we realize what a larger community demands that we may get the most out of life. We can afford it. We are not having to bond ourselves to build a school house. We can carry the burden necessary today, and remember that this is one of the things that will itself bring to us tomorrow those who will help us to carry the load.

Eventually, why not now?

H. R. McFADYEN.

Vote For the Street Paving Bonds

I have been asked for my opinion as to the benefits to be derived from the proposed pavement of the streets. This is my explanation of what I am about to say. And I am only too glad to offer any encouragement I can to an enterprise like this, since, as I see it, the benefits far out weigh the disadvantages. In fact I can think of no one being opposed to a movement of this character on any other ground than the matter of tax, and since that has been found to be only about 25 cents on the $100, I cannot see how that should be an obstruction. As I understand it the business side of this matter has the endorsement of a large per centage of the best business men of our little city, and I am willing to risk the judgment of the men who have been directing the destinies of the city thus far.

The difference between a city with pavement and without it is the difference betwen a city and a country village. Cameron might not ever have the dimensions of a city in point of numbers, but it may have the commercial and business advantages that come to the city with paved streets. In the cities where there is some pavement it is not difficult to get more, for the people realize that the increase in value of property with pavement far exceeds any little tax that may be incurred for securing the pavement. Men who have money to invest in property are not so much concerned about the price. They are concerned about whether the community is going forward or backward. If it is going backward, no kind of price will interest them however small, for some day it will be worth less. If the community is going forward the price is not too great for, in most cases, the time will come when it will be greater. Pavement is a universal sign that the community is going forward. This has been my observation as I have traveled over Texas and Oklahoma, and I am sure that my observation is borne out by the leaders of the communities where pavement has been laid.

But what I desire to emphasize is the moral effect. For there is a moral effect as certain as can be. I note that where there is pavement there is a certain pride that people have in their city which is not otherwise manifest. There becomes a community pride which includes not only the streets but enters into everything else. Build a good residence and that calls for another good residence. Any kind of new enterprise calls for another to match it. If there are good streets, people are going to want better homes in keeping with better streets. Better homes involve better sanitary conditions and therefore better health conditions, the beautifying of yards, painting and repairing of old dilapidated buildings, etc. In fact there is no enterprse that it will not touch. And if you make better homes, more sanitary conditions, and a better social atmosphere, you have created the very thing that every church in the community desires to see accomplished. I verily believe that this pavement move is in that direction, and that it should have the whole hearted support of every good citizen. I am positive that the pavement will not be on the streets twelve months until every citizen will be able to see the advantage and be glad that it was done.

Count on me to give the movement all the support that I can.

IRA F. KEY.

TARIFF AND OTHER TAXES ABSORB FARMER'S INCOME

Advances in the price of agricultural products will be greatly exceeded by the increase in the cost of living among agricultural producers under the operation of the Fordney-McCumber tariff act, which puts a higher tax on all the commodities the farmer consumes without giving him a corresponding return for what he sells.

Secretary of Agriculture Wallace, in his annual report for 1922, testfies to the disproportion between the prices the farmer has been compelled to pay and the prices he receives for his grain, live stock, fruits and other products. This report shows that the farmers of the country have been in the greatest distress, with the cost of living and the burden of taxation growing while their incomes have been diminishing.

"While the prices of many important farm products have advanced considerably over last year, this advance has been accompanied by equally large or larger advances in the price of other commodities," says Secretary Wallace. "For example, the index of wholesale prices of commodities other than farm products was 176 in August this year (1922) as against 150 in August, 1921.

"In August and September, 1922, a given unit of farm products could be exchanged for only about two-thirds (64 per cent) as much of other commodities as that same unit would have purchased in the year 1913."

August and September, 1922, were, respectively, 17 and 18 months subsequent to the inauguration of President Harding and the beginning of the Sixty Seventh Congress, which the Republicans have controlled in both branches of a considerable mapority. Both the Republican President and the Republican Congress came into power with a distinct pledge that they would restore the farmer's prosperity and return the whole country to a condition of "normalcy." Now, almost two years after the Harding administration and the Republican Congress commenced to function, a member of the President's Cabinet concedes that the condition of agriculture is incomparably worse than it was when the Republican promises to the farmer were given and the opportunity to make good was first presented to the Republican regime.

If the disparity between the prices the farmer receives for what he has to sell and the prices of the comodities he must consume was so obvious and so ruinous before the Fordney McCumber profiteers' tariff law because operative, what will it be a year hence when that act has come to full fruition in a larger cost of living? For the profiteers' tariff was not designed to benefit the farmer and won't improve his situation in the least. It imposed duties on grain and cattle and a few other agricultural products, but of these there are surpluses fofr which the producer must find markets abroad and at prices which are fixed not by the American stariff law but by the inexorbale law of supply and demand. "The condition of our agriculture would seem to justify a thorough study of the international situation as is bears upon the outlet for the products of our farms," says Secretary Wallace.

That is true, but the present Republican administration seems utterly indifferent to "the international situation" whether in respect to its relation with agriculture or any other interest.

FOR 1923.

What are you going to do in 1923 to make the "Happy New Year" your wish for all you greet in January 1st, come true?

"What can I do?" is the natural answer.

Here is something you can do; you can interest yourselves in your schools. You can visit some of them. You can see for yourself whether or not your own children are being edequately cared for, properly taught wisely made into real Americans.

"But I have no children," is no good answer. You have an American birthirght. You have an American ideal. You believe in Democracy. You believe in freedom of thought, of religion, of the press, of action, within the law. You believe this is the best country in which to live. You believe that here, rather than in any other land, man has the greatest opportunity to be happy.

But you won't be able to believe these things if the generation to come after you does not so act that you can believe them. And the generation to follow you is not going to be truly and wholly American, unless its members are taught, now, today, this minute, in the fundamentals of the American doctrine.

You pay your taxes and comfortably leave the rest to a School Board, or a Superintendent of Schools or a Board of Aldermen. When you give an order in business, do you forget it, or watch to see if it is carried out? When a woman tells her cook to prepare dinner, does she rest satisfied regadless of how the dinner is cooked, or train her cook to better ways if it is ill-done, or get a new cook if the old one can not be taught? Well, which is most important; the order in business, the cooking of a dinner, or the education of children? You have given your orders, as a voter and a tax payer; it is your business to see that they are carried out. If you find them unexecuted, you can protest. But if no one looks to see, if no one protests, if no one takes an interest, not only the children, but America, your America suffers!

The Cameron Herald broke all records last week for Matchless Milam newspapers when it issued a special Christmas Edition of 52 pages. The Reporter takes pleasure in complimenting this edition and in ongratulating Editor J. B. White on its appearance. The typographical details were a delight to the eye of the observant printer.—Rockdale Reporter.

CAMERON TO VOTE ON PAVING BONDS

CITY COUNCIL ALSO ASKS FOR BIDS ON SEWER EXTENSION WORK.

Rockdale, Texas, Dec. 25.—The Cameron City Council has voted to call an election to decide upon issuing street paving bonds in the sum of $100,000.

A petition signed by 107 taxpayers of Cameron presented to the council, brought the issue to a head and a final vote was taken.

C. W. Lawrence, president of the Cameron Commercial Club; W. B. Skelton, secretary, and S. A. Cottle were largely instrumental in keeping the question agitated until action was obtained.

If the bonds are voted, it is planned to carry the paving on certain streets out to the city limits, particularly on the Ad Hall and the McCown Bridge roads, the latter over Little River on the Rockdale-Cameron highway, otherwise designated as the Denison, Whitesboro, Fort Worth and Gulf Highway, which was marked last spring from Denison to the Gulf over its entire length.

The Cameron Council also asked for bids on $14,000 worth of sewer extension work.—Dallas News.

Taking advantage of public improvements in Cameron to make publicity capital for Rockdale by sending out news stories under a Rockdale date line, the regal city is carrying the publicity stunt to amazing extent. While this spirit of boosting in Rockdale is admirable from every standpoint it is shameful to Cameron that so little effort is being made here to tell the world of our progressive moves.

Publicity is sought to be directed by the Commercial Club here but the records show during recent months that only a small share of news matter has appeared in the press under Cameron date lines.

HERALD READERS WILL GET NEW FEATEURE IN 1923 PUBLICATIONS.

"The offifce Cat" a humorous column written and compiled by Eugene E. Sullivan of Cameron, will be published exclusively each week in the columns of the Herald in 1923. Mr. Sullivan is well known here as a writer and being of Irish descent and possessed of the good Irish facutly of wit will delight the readers of the Herald.

Mr. Sullivan is preparing to syndicate this column for sale to publications over the country. The column will be illustrated, cuts having been ordered from Dallas. They will appear next week.

The following constitute this week's contribution for Herald readers.

UP IN THE AIR

"An' pwhat did the Judge say to your Mickey?" says Mrs. Murhphy to Mrs. O'Leary.

"Sure, he let him down wit' a suspended sentence," says Mrs. O'Leary to Mrs Murphy.

"Och, is it after hangin' the poor lad he is then?" says Mrs Murphy to Mrs O'Leary.

THE GENIUS

He can write with a Post office pen.

He can look innocent on the witness stand.

He can tell when a woman is thinking.

He can tell what a woman is thinking, —but he never does.

He has money in the bank.

He always finds a seat in the street car.

He is in short a genius.

A young Philadelphian essayed the role of Sir Walter Raleigh and placed his overcoat at the disposal of a fair maid in distress. Both vanished. Chivilary makes a poor blanket these days.

PRACTICE NEEDED.

There wasn't a much tougher outfit in the whole state of Wyoming than the Flying U. and it was with some surprise that the cowboys had gathered together and heard the boss proclaim: "I want you fellows to get out yer guns and practise up a bit."

"What fer?" demanded the chorus. Well we're going into Chicago with a train of cattle in a week or so, an' we wants be able to hold our own.

HADN'T TAKEN HIS OWN ADVICE

"Did your husband have a big trade in his department store this year?"

"Yes but he's sick in bed now and not enjoying Christmas."

"What's wrong?"

"He put off doing his own Christmas shopping till 11 P. M. on the 24th and got nervous prostration trying to get waited on.

TODAY'S SERMON.

Your friends will never forget you if you owe them money.

HAPPY CHRISTMAS FOR S. P. CROSS FAMILY.

Christmas 1922 was a happy one for the family of Mr. and Mrs. S. P. Cross in Cameron. Observing the annual custom all of the children of the family were here to spend Christmas day and to have dinner with their parents.

Those who were in Cameron are as follows: Mr. and Mrs. L. H. Krough and son, Louis Krough, Jr., of San Antonio; Mr. and Mrs. Paden Cross of Houston; Price and Harry Cross of Greenville. Mr. Krough returned to his home Monday and Mrs. Krough and son, will remain in Cameron for several weeks. Price and Harry Cross returned Monday to Greenville and Mr. and Mrs. Paden Cross returned Monday to Houston.

INCOME TAX TIME HAS COME.

Income Tax Payers are reminded that the time is here for them to compute their returns. While this problem is sung far and wide by scribblers and cartoonists as the most vexing thing that has ome to plauge mankind, there is to be found among the human family a few genius who have an appetite for wearisome details. The business man owes a great debt to those among us who stand ready to take this burden from their shoulders.

Cameron business men are fortunate in the aid they can get at home. Fred Henry, who is out of the city for several days, has requested that notice be given that the time is here and he is ready to assist all in computing their returns. Income tax service is made possible to business men here at a nominal cost, very much under the professional computers, but equally as efficient. Mr. Henry will be glad to serve his friends at any time.

DALLAS YOUTH IS KILLED IN TRAGIC ACCIDENT IN BELTON

Belton, Texas, Dec. 25.—Joe Scales Jr., 18 years old, of Dallas, is dead here tonight as a result of injuries received when the fire truck on which he was riding crashed into the curb in front of Gray's Paint and Art store on the southwest corner of the court house square at 3 p. m., on the way to a fire in North Belton.

The boy's body was crushed from the wrist down, both of his hips were broken, his back was injured and he suffered internal injuries, according the physicians at the hospital where he was taken. He died at 7:40 o'clock tonight.

According to eye-witnesses of the tragedy, the youth was standing on the side of the machine along the running board and was crushed against a telephone post and two trees when the heavy truck lunged into the curbing.

The truck, driven by Frank Bunn, an uncle of the victim, left the fire station a block and a half away with its engine running imperfectly and the cylinders missing fire, it was said. As the machine began to turn the corner, the motor began to run naturally and the truck jumped into a high rate of speed so suddenly that the driver is said to have lost control of it. Robert Bunn, a brother of the driver, was also on the front seat, but neither of the men were injured. Damages to the fire engine is estimated at about $500.

The decedent was the son of Joe Scales of Dallas and was visiting here during the Christmas holidays with his mother in the home of his grandmoter, Mrs. Ace Bunn.

NOTICE OF TAX COLLECTOR'S SALE OF PERSONAL PROPERTY

Notice is hereby given, that I, W. A. Bonds, Tax Collector of Milam county, Texas, did on the 11th day of December A. D. 1922, in Milam county, Texas, levy upon and take into my possession as said Tax Collector, the following described personal property, same being levied upon as the property of one Winfield Thomas, to-wit:

One sorrel mare mule, about 10 years old.

One mouse colored mare mule, about 8 years old.

Said levy having been made in accordance with law to satisfy State and County taxes, penalties and costs, accrued herein, and due and owing by the said Winfield Thomas, as by record manifest, in the sum of $74.00.

Now, Therefore, notice is hereby given that I, W. A. Bonds, as aforesaid, will on the 9th day of January A. D. 1923, at the court house door of said county and State, in the city of Cameron, between the hours of ten o'clock a. m. and four o'clock p. m., at public auction, proceed to sell for cash to the highest bidder thereat, all the right, title and interest of said Winfield Thomas in and to said above described property, by virtue of the premises aforesaid, the proceeds of said sale to be applied to the payment and satisfaction of said taxes, penalties, interest, costs and the further costs of executing said levy and this sale.

In Testimony Whereof, witness my official signature at office in Cameron, Texas, this the 19th day of December, A. D. 1922. 35-2t

W. A. BONDS,
Tax Collector, Milam County, Texas.
By M. W. Mitchell, Deputy.

HOLIDAYS CHECK OIL OPERATIONS IN CITY.

The Milam County fields were as usual quiet the past week on account of the holiday season, many of the operators and oil field workers taking advantage of the season, and many of them are spending the week with friends and relatives. There were no new wells of consequence brought in, Several new locations were made in the vicinity of the Brazos River for deep tests to start after the first of the year. The S. A. Guiberson, Jr. No. one Posey well is drilling in the black shale around the 3665 foot level, the drills are now in the first change up that the drillers have had. All the operators are optomistic concerning the outcome of the well and all predict that the Buiberson people will uncover a new field. This is the first real test that the county has had, the hole is in good shape and the drills can be put below the 4000 feet level, there is about 400 foot of open hole now.

The pipe line runs for the week remain around the 400 barrel mark. All the operators in the shallow field are preparing for an extensive drilling program after the new year is ushered in.

A CARD OF THANKS.

I wish to thank each and everyone of my friends and neighbors for the many lovely Christmas gifts.

May the Lord bless each one is my prayer. MRS. L. E. BAILEY.

BOY RIDING HORSE IN STRUCK BY AUTOMOBILE.

Rockdale, Texas, Dec. 26.—While en route overland from Bremond to Calvert James Oscar Lyon, 14 year old boy, employed by a traveling vaudeville show, was run into by an automobile driven by a salesman. The lad was riding a horse and the animal was hurt to badly that he was killed. Young Lyon was struck on the head and remained unconscious for two days. He is being treated in the Central Hotel at Calvert. The collision resulted when the automobile driver attempted to pass the show cavalcade, driving rapidly from the rear.

NOTICE.

The Farms known as River View Farm and Valley View Farm, near Gause are posted. Those caught hunting on these farms, will be prosecuted.

I am trying to farm,
The little birds are helping me;
Please do not kill my little feathered friends.

35-3t WILLARD B. SMITH.

28TH LEGISLATURE TO GET UNDER WAY.

(Continued from page 1.)

the $2,000,000 deficit in the general revenue.

The question of prison finances, moving the penitentiary and certain reforms will also be sure to come up, as will highway legislation, to conform the State Law to the Federal aid act, and a soldier bonus bill. An investigation of the recent wholesale textbook changes will probably receive attention.

Lieutenant Governor Davidson will call the Senate to order on Tuesday and will preside one week, while the House will be convened by Secretary of State Sidney L. Staples, who holds the gavel until a speaker is elected.

Lynch Davidson who did not seek re-election, retires on Jan. 16, and will be succeeded on that date by T. W. Davidson of Marshall, who was elected Lieutenant Governor and who becomes the permanent presiding officer of the Senate. A president pro tem to preside in the absence of the Lieutenant Governor, will be elected on the first day of the session.

"Strong and Well"

"I WISH you could know how much I am improved since taking the Cardui," writes Mrs. Nannie Brown, of Black Rock, Ark. "You wouldn't know me for the same weak invalid I was before I took it. At my . . . I had to keep off my feet or I would fall. I couldn't do my housework, and just got where I'd most as lief be dead as living. Some one told my husband of Cardui. He got it for me and I took three bottles before I stopped—then off and on for the last three years just as a tonic. I saw a decided improvement after my first bottle. I used the three, and was able to do my work with ease, and now I sew for my family and for others. I am feeling fine, and strong and well."

Take Cardui! It may be just the medicine you need.

The Woman's Tonic

WILBARGER BOOZE RING THREATEN LIFE OF SHERIFF

WAR DECLARED ON LIQUOR TRAFFIC BY TEXAS OFFICERS.

Vernon, Texas, Dec. 24.—Vernon was preparing Sunday night to declare war to the hilt on the "bootleggers' ring" of Wilbarger County.

Following threats of death received during the last few days by Sheriff Frank Edmonston and County Judge E. L. McHugh, unless they desisted in enforcement efforts, citizens have been beating a trail to the door of these county officials, assuring them they are with them in the fight to banish the illicit traffic from the borders of the county.

Sheriff Edmondson assumed office Nov. 10. Since that time he has conducted many raids in various parts of the county, which heretofore, has had the reputation of being more or less "wide open." He has seiz d many stills and confiscated hundreds of gallons of liquor. As a result, sales here have become hazardous.

It is declared there is a well organized bootleggers' trust in the county. Alarmed at the restrictions being placed upon them by the sheriff they in the past few days, have resorted to the sending of threatening letters. Upon pain of death the sheriff, his chief deputy, and the county judge have been warned to desist.

"So far as I am concerned the war is on and I will pay no attention to the warnings" Sheriff Edmondson said Saturday night. "I intend to rid this county of the lawless element, and I will suppress the illicit traffic in liquor."

His sentiments were echoed by the county judge.

Citizens said Saturday night that a mass meeting would be called within the next few days when the support of "the law abiding element will be placed squarely behind the sheriff."

The death threats bear every evidence of genuineness and the citizenship here is aroused at the turn of events.

MAKES RAPID HEADWAY.

Add This Fact to Your Store of Knowledge.

Kidney disease often advances so rapidly that many a person is firmly in its grasp before aware of its progress. Prompt attention should be given the slightest symptom of kidney disorder. If there is a dull pain in the back, headaches, dizzy spells or a tired, worn-out feeling or if the kidney secretions are offensive, irregular and attended by pain, procure a good kidney remedy at once.

Your townspeople recommend Doan's Kidney Pills. Read the statement of this Cameron citizen.

H. R Williams, farmer, says: "My experience with Doan's Kidney Pills has been such that I heartily recommend them to anyone who has kidney complaint. I have taken Doan's when I have been suffering with sore muscles and backache. They have always given me the best satisfaction and for that reason, I am glad to endorse them."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Williams had. Foster-Milburn Co., Mfrs, Buffalo, N. Y. (Adv)

POPE DECLARES WORLD TURNED AWAY FROM GOD.

Rome, Dec. 24.—The world has turned away from God and has been plunged into misery in consequence, declared Pope Pius XI in an encyclical letter today addressed to Roman Catholic prelates throughout the world. The pontiff announced his intention of convening a world council of the Catholic Episcopacy, to aid in restoration of general peace. He fixed no time for it.

"The causes of world unrest," said the letter, "are too much violence, the banning of God from society and the issuing of un-Godly laws by nations. The remedies are Christian peace, repression of discords and increase respect for authority."

The letter deplores "the material greed which now dominates the social life of nations of the world, unwillingness of workers to work, immodest fashions of dress prevailing among women and the ostentatious display of wealth by the new rich."

Pope Pius XI regreted "the Italian government's unfriendliness towards the Vatican," adding:

"Italy has no reason to fear the Vatican."

ROCKDALE SECURES NEW MACHINE SHOP WITH MO-JO COMPANY.

The increased activity in the nearby oil fields, has induced two oil field machine shops to establish in Rockdale in the past sixty days. Clyde Rhodes first moved here from Taylor and has been keeping busy with heavy repair work. Last week Demmer & Maaz of Waco leased space from the Ma-Jo Filter Mfg. Co., in connection with the filter can factory, and are now oprating.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take 60c per bottle.

DETAILS OF NASON KILLING ARE ASKED

SAYS MEXICAN OFFICER TRIED TO GET AMERICANS TO CROSS RIVER.

Alpine, Texas, Dec. 25.—Sheriff E. E. Townsend, received a telegram forwarded to him by E. W. King of Presidio, Texas, from United States Consul Mitchell at Chihuahua, Mexico, asking for details of the killing of Hylton Nason, who, with Aubrey Williams of San Angelo, had an encounter with Mexican officials in Mexico two weeks ago on a point opposite Stillwell Crossing on the Rio Grande, 125 miles south of Alpine.

Williams was slightly wounded and escaped to the Texas Side. Nason and a Mexican officer were killed.

Sheriff Townsend says that. accer Flores, were merely trying to get Nason and Williams to go back to the Texas side of the river and that if the Americans had a permit to cross the river to hunt, it was not issued by any proper authority and that "Flores would not have mistreated them in any way."

Flores was well known in Alpine and was highly respected. Sheriff Townsend and others regarded him as a friend to American officers and ranchmen along the border and assert positively that Williams and Nason were mistaken about the purpose of Flores when he approached them on the occasion of the unfortunate affair.

Mr. Townsend has also made a report to Captain Roffe, intelligence officer with the Seventh United States Cavalry at Marfa, it was learned Friday.

Mexicans deny that they had given the Americans a permit to cross the river to hunt in Mexico.

CHRISTMAS LIQUOR TAKEN.

Wichita Falls, Texas, Dec. 24.—The available supply of liquid Christmas cheer was decreased as the result of raids made Friday by county and Federal officers. One large still, a large quantity of corn and a quantity of mash was taken in a raid near Clara. A man who was arrested, according to officers, apoligized for the quality of the liquor, saying that it was not up to his usual standard, that it was made from mash that was "green" due to the hurry of getting it ready for Christmas. Other raids were conducted in Electra and in Wichita Falls and netted several gallons more contraband.

BABE FALLS FROM SECOND STORY AND ESCAPES UNHURT.

Belton, Dec. 25.—The two year old child of Mr. and Mrs. G. M. Horton who live in the vicinity of Midway, between here and Temple, fell from a second story window to the ground fifteen feet below at the home of its parents this afternoon The little fellow was rushed to the sanitarium but upon examination it was found that he was not seriously injured and in a few hours was returned to its home.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c.

Just ask your druggist for HAYES' HEALING HONEY.

TEXAS TON LITTER CLUB

Texas has been challanged by the Hoosier State, and a challange always starts the fire works in the Lone Star State.

One farmer produced a litter of pigs weighing 3040 pounds in 180 days in Indiana last year, and the Hoosier State becoming chesty over this record challanged Texas to beat it.

Texas is an ideal state for swine production and there were 306,099 farms which had 2,225,558 hogs in Texas according to the report of the U. S. Bureau of Census for 1920. The same report shows that 188,331 farms had 1,113,033 pigs under six months old, and that 154,170 farms had 389, 664 sows and gilts for breeding six months old and over. Subtract these figures from the 436,033 farms in Texas and the astounding fact is revealed that many farms in Texas have no hogs while a startling proportion are producing no pigs. Furthermore, the thought is suggested that out of the vast number of hogs produced it ought to be possible to find a litter rivaling the one produced in Indiana where proper breeding and feeding methods practiced, otherwise there is something radically wrong with hog production methods in Texas.

Realizing the oest field and possibilities in the Lone Star State for swine production the Texas Swine Breeders Association in Cooperation with the Extension Service A. & M. College of Texas have decided to accept the challenge from Indiana and consequently have innagurated a campaign to demonstrate to the farmers of Texas the value of purebred livestock and the economy of proper feeding methods, also convince the farmer of Texas that hogs can be produced which will show as great weight in six months as the average scrub hog reared under scrub methods will show in a year.

In order to start the movement in a systematic manner and give it impetus the Texah Tan Litter Club plan has been adopted and the Texas Swine Breeders Association are offering a gold medal for a litter of pigs that weigh 2,000 pounds (a ton) or more when six months old.

The Texas Swine Breeders Association will award medals as follows to Texas farmers who produce litters of pigs, farrowed between February 1st and May 15th, 1923, that reach the weights given below when six months (180 days) old:

1. Gold medal—for a litter weighing 2,000 pounds or more.

2. Silver medal—for a litter weighing 1800 pounds and less than 2,000 pounds.

3. Bronze medal—for a litter weighing 1600 pounds and less than 1800 pounds.

1. Any farmer boy or girl residing in any county in Texas employing a county agent or any county in which a Director of the Texas Swine Breeders Association resides, is eligible to enroll in the Texas Ton Litter Club upon payment of a nomination fee of 25 cents.

1. Members shall enroll between December 15th, 1922, and March 1st, 1923 through the county agent or direct with the Secretary of the Texas Swine Breeders Association, College Station, Texas.

2. Names and addresses of members shall be in the hands of the Secretary of Texas Swine Breeders Association not later than March 10th 1923.

1. Members shall furnish a memorandum of the rations fed to the breeding herd during the breeding, gestation and suckling periods, and forward same through the county agent to the state leader of the club as soon as the pigs are weaned.

2. Members shall keep a memorandum of the rations fed to the pigs from the time they are weaned until they are marketed, and forward same through the county agent to the state leader of the club as soon as the hogs are marketed.

1. Members shall ear-mark each litter of pigs within seven days after birth, and forward a certified report of this marking along with the date of farrowing and the number of boar and sow pigs in the litter to the state leader of the club within seven days after the litter is farrowed.

2. Litters that are to be kept eligible to nomination for an award shall be ear-marked by the notch system recomended by the Texas Swine Breeders Association, or some similar system by which the litters can be identified easily and accurately by the committees on inspection and weighing.

3. All the pigs in litters that for any reason are not to be kept eligible to nomination for an award, shall be ear-marked with a single notch in the outer or lower side of the left ear.

4. Report must be sent in for every litter of pigs farrowed on the farm in the spring of 1923. Failure to ear-mark and report a litter within the seven day limit shall make the entire herd eneligible for for an award.

1. All herds from which litters are nominated for awards shall be inspected before July 1st, 1923.

2. The county agent, or a director of the Texas Swine Breeders Association and a committee of two or more disintrested farmers selected by the livestock association or by some other Executive Committee of the county organization that represents the swine or general agricultural interest of the county, shall make this inspection.

3. Thecommittee on inspection shall examine the ear-marks of all the spring pigs on the member's farm to see that each litter has been ear-marked as required under these rules and regulations, and shall certify to the nomination of the litter or litters nominated by the member if they are eligible to nomination.

1. Members may nominate and litter or litters of pigs farrowed on their farms between February 1st and May 15th, 1923, for an award.

2. Litters must be nominated at the time of inspection on the special blank provided for this purpose.

3. Nomination must be certified by the committee on inspection and forwarded by this committee through the county agent to the state leader of the club immediately after inspection.

1. Litters shall be weighed on the day they are 180 days old if possible. If this is not possible, they may be weighed any time within three days preceeding or following this date. The gain for the intervening days shall be pro rated at the average daily gain made by the litter since birth and added to or subtracted from the scale weight.

2. Litters shall be weighed by a committee of two or more disinterested farmers helected by the Erecutive Committee of the county livestock association or by some other organization representing the swine or general agricultural interests of the county.

3. Reports on weights and the elgibility of litters to an award shall be certified by the committee on weighing on the special blanks provided for this purpose, and forwarded through the county agent to the state leader of the club immediately after weighing.

1. Only one medal shall be awarded to a member.

2. Awards shall be made on the basis of the weight of the litter herein provided, but no award will be made unless all the requirements set forth under memorandum of rations, ear marking of litters inspection of herds, nomination of litters and official weights of litters are complied with fully and correctly.

3. Awards shall be made by the executive committee of the Texas Swine Breeders Association, under the conditions outlined in the paragraph above.

4. Medals shall be presented at the annual winter institute meeting of the Texas Swine Breeders Association.

1. The officers of the Texas Swine Breeders Association shall act as officers of the Texas Ton Litter Club with A. L. Ward Secretary Texas Swine Breeders Association and Swine Husbandmen, Extension Service A. and M. College of Texas, acting as state leader of the club, and G. R. Warren, Swine Husbandman Texas Agricultural Experiment Station, acting as assisstant state leader of the Club.

POWER FARMING.

Cameron Herald,
Cameron, Texas.

Responding to the interest manifested by the power-farmer and those mechanically inclined, in the Eight Weeks Automobile and Tractor Short Course just closed the Agricultural Engineering Department is preparing to conduct a series of such courses beginning January 24, February 28 and later dates in 1923.

This course has been attended by students from various sections of the State and has demonstrated the need of such instruction. Of practical benefit to the power farmer, to the automobile industry and the public at large, its results are for increased efficiency at decreased expense. This is done by reaching the construction, operation and repair of the internal combustion engine in its modern application to the gas engine, automobile and tractor. The hundreds of thousands of dollars invested in these machines represent a staggering total and should be better protected.

In extending this series of courses indefinitely, the A. & M. College is but accepting a responisibility necessitated by the existing conditions. From all sources the demand is the same—better mechanics. The annual loss due to inefficient operation is very great and can only be eliminated by properly trained men.

The course lasts eight weeks and the cost is small. Any one interested may obtain a special bulletin by writing the Agricultural Engineering Department, College Station, Texas.

In our efforts to reach all sections of the state, we will appreciate your assistance in mentioning the above facts and informing your people of our work in their behalf. The Agricultural and Mechanical College is for the people of Texas and it is our desire that they use it to the utmost.

Thanking you for your co-operation I am,

Yours very truly,
DANIELS SCOOTER,

SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out

Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Rowles Mentho-Sulphur and use it like cold cream.

Too Much Meat Hurts Kidneys

Take a glass of Salts to Flush Kidneys if Bladder bothers you.

Eating too much meat may produce kidney trouble in some form or other, says a well-known authority, because the uric acid excites the kidneys, they become overworked, get sluggish, clog up, and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so that it no longer irritates, thus often ending bladder disorders.

Jad Salts can not injure any one; makes a delightful effervescent lithia water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders.

LITTELL'S LIQUID SULPHUR COMPOUND

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Globe-Wernicke
BUILT TO ENDURE

Sectional Bookcases

An ideal present—useful, ornamental, encourages reading—and the giving of additional sections solves the "gift" problem for future anniversaries. The Globe-Wernicke Bookcase is a staple article of furniture having a substantial re-sale value.

This is exceptional, first, because Globe-Wernicke Bookcases can be matched up and bought in over 2000 cities and towns in the United States, and second, because over three-fourths of all sectional bookcases in use are Globe-Wernicke.

Re-sale value establishes true worth. It is just another evidence of Globe-Wernicke superiority — another reason why Globe-Wernicke Sectional Bookcases make sensible, valuable, acceptable gifts for any occasion.

Made in oak or mahogany—with dust-proof glass receding doors—styles and finishes in keeping with surroundings.

MILAM COUNTY CASES AFFIRMED

FIRST WHISKEY CASE TRIED IN MILAM COUNTY UNDER NEW LAW UPHELD

Word was received in Cameron this morning that the case of State of Texas vs. Jim Broz, convicted for unlawfully manufactuirng intoxicating liquors and given eighteen months in the pentitentary, was affirmed by the court of criminal appeals at Austin. This was the first whiskey case tried in Milam county under the new law.

The Thorndale Mercantile Company robbery case has finally been settled In 1920 the store was robbed of $1,600 worth of goods by Raymond Allison. Mike Nichols and Bryant Walker. Walker and Nichols have been in the pen for some time, serving senences for crimes committed elsewhere. Now Allison, who was given two years by a jury here will have to serve his time, the case having been affirmed in the higher court.

State of Texas vs. John McQueen, charged with running a lottery at Rockdale, found guilty by the Milam county court, will have to serve his sentence too. This case also has been affirmed.

There are twelve more cases pending in the higher courts from Milam county.

Napoleon had his Wellington and Milam county criminals have their Jack Lewis.—Cameron Enterprise.

PROSPERITY FOR OUR AGRICUTURE IN 1923

Twelve months ago most of the six million farmers of the United States were starting on the long hard climb out of the valley of economic depression. They have not yet attained the heights which are bathed in the grateful sunshine of prosperity. Some indeed, have fallen by the way. Others are still in the valley. Nevertheless, as we stop a bit and look backward we can see that very considerable ground has been gained by the great majority, and we can enter the New Year with renewed hope and with that courage which comes from the realization that we are really making progress.

A year ago, when speaking of the prospects for farming in 1922, I said that while there was no reason to expect boom times for the farmer in the near future, there was promise of better times, both for the farmer and for those whose business is largely dependent upon him. The year has brought fulfillment of that promise. Speaking generally times are better, much better, than a year ago, both for agriculture and for industry.

Crops have been good, on the whole. Prices of the major crops are mostly considerably higher. While there has been a corresponding advance in the prices of the things the farmer must buy, the total sum which farmer will receive for the crops of this year is greater by a billion and a half dollars or more than that which they received for the crops of last year. This will certainly mean better times on the farm, and farm folks will be able to ease up a little on the grinding economy they were forced to practice the preceding year.

The labor cost of producing the crops of 1922 was still further reduced. There were some substantial reductions in freight rates. Much helpful legislation has been enacted and more will be this winter. Interest rates are lower and the credit strain has been eased. This has made it possible for many farmers who were rather heavily inolved to refund their obligations and get themselves in condition to win through.

There are still some dark spots. In some sections weather conditions were unfavorable and crops mere short, and farmers in these sections are having a very hard time of it. Freight rates are still too high especially for those who must pay for a long haul to market.

Taxes are high, but this is largely due to the increase in local taxes, over which farmers themselves must exercise control.

There has been gratifying growth in farmers' co-operative marketing associations, and more of them are being organized on a sound business basis.

Aside from the help which has been given by legislation and by adminiistration activity, strong economic forces are at work to restore a more normal relation between agriccudture and other industries.

The peril in the agricultural depression is more keenly realized by other groups than ever before, and on every hand a sincere desire is being evidenced to do what can be done safely to help the farmer better his condition.

Everything considered, we have good reason to expect still better things for agriculture in the year 1923

SNOW THREATENS TO BE SHROUD FOR HUGE NUMBERS OF RUSSIANS.

A white New Year lends extra zest to the holiday season in the United States, but in Russia this year the deep snow looks like a shroud to millions of children and their elders. The weather is more than a topic of conversation there at present; it is a matter of life or death during the present clothing shortage.. The whole winter is extremely cold in Russia where the climate is similar to that of the Northern United States, but the bitterest of the cold does not begin until after the first of January as a rule. Herbert Hoover prdeicts that at least a million children and elders will be facing death during the coming weeks unless clothing is sent to them.

Mr. Hoover's prediction is based upon reporth of American Relief Administration workers in every part of Russia, who say that a vast number of children and adults cannot possibly survive the hardest part of the winter dressed in the tatters which now form their only clothing. Rags so worn that they cannot longer be called garments or single garments of thin flour sacking, or even of newspapers are their only protection against the elements. To people so clad the cold is so formidable that hungry no longer go to A. R. A. kitchens for their one meal a day, preferring to cower unfed in their heatless homes. Fuel and garments are alike unobtainable at their present high prices. The cost of food itself leaves no margin for anything else.

To meet this emergency, the American Relief Administration has introduced clothing remittance packages, on the same plan as the famous Hoover food remitance packages of last year. The sum of $20 sent to the New York Headquarters of the A. R. A.., 42 Broadway, will buy one of these packages, containing enough material to save two persons from dying of the cold. It will be delivered to any designated beneficiary in Russia, or merely distributed to an undesignated needy case, as the giver prefers. The sender of each package will recive a direct receipt from the Russian who gets the clothing.

The contents of each package are as follows: 4 and two thirds of 56-inch 20 ounce wool cloth, enough for outer garments for two children, or a suit of clothes for either a man or a woman; 4 yards of black cotton lining; 16 yards of muslin, for four suits of underwear; 8 yards of flannelette, for two men's shirt or two women's shirtwaists; buttons and thread to make up the material.

SAM MEHHINNEY IS NOMINATED P. M. AT BUCKHOLTS.

A dispatch appeared in the state press Tuesday from Washington, D. C., to the effect that President Harding had sent the name of Sam Mewhinney of Buckholts to the senate for confirmation as postmaster at Buckholts. Mr. Mewhinney is well and favorably known here and throughout the county and his selection will be noted with pleasure, not only by his many friends at Buckholts, but over the entire county.

COTTON REPORT

There were 43,221 bales of cotton, counting round as half bales, ginned in Milam County, from the crop of 1922 prior to December 13, 1922, as compared with 22,049 bales ginned to December 13, 1921.

BASIL McGREGOR,
Special Agent Cotton Milam County

Two Decade Story of Weather Given By Commissioner

Henry Reaves, County Commissioner, has taken from his records an interesting story of the weather for Twenty Years and has prepared for publication facts bearing upon killing frosts and freezing weather in a chronological index.

It is interesting to note that at no time in 20 years has freezing weather come to this section of Texas as late as in 1922. Freezing temperature was recorded monday night. On the other hand as early as October 28, freezing weather was noted in 1910.

The following table will be of interest to the public:

The date of the first killing frost or freeze since 1902.

1902	Nov. 27
1905	Dec. 3
1910	Oct. 28 Freeze
1911	Nov. 12, ice
1912	Nov. 28
1913	Dec. 8
1917	Oct. 29
1918	Nov. 24
1919	Nov. 13, Freeze
1922	Dec. 19, Freeze

No record of missing dates.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening Invigorating Effect. 60c

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

MARCONI TALKS OF THE RADIO.

In the forthcoming issue of Cameron Herald dated January 11th Guglielmo Marconi, inventor of wireless talks of the radio and its future possibilities. Broadcasting came into existence early in 1920, and its progress has been one of the marvels of this century.

Be up to date by reading The Cameron Herald. No greater value anywhere than a years subscription to the Cameron Herald.

ROCKDALE MERCHANT BODY IS ONCE MORE ACTIVE.

Rockdale, Texas, Dec. 24.—Having been dormant for a few month's, the Retail Merchants Association of Rockdale has resumed its membership in the State association, San Antonio headquarters. The Retail Merchants Association of Cameron has arranged a "rouse-up" meeting to be held there Dec. 28. The meeting will be addressed by C. C. Lewis, Retail Merchants' Association, secretary at Waco, his subject being "How the Association Can Help."

THE TEXAS ANGERS.

James B. Gillette, ex-sargeant, Battalon "A' Texas Rangers, writes a chapter in our magezine Section issued January 11, on the history of the Texas Rangers. It's a romantic story dating back to the first Ranger force in 1836, when General Sam Houston organized 1,600 mounted riflemen for the defense of the Texas borders. It was the Rangers who helped to win thebattle of San Jacinto.

Start the New Year by renewing your subscription to the Cameron Herald, or if not a subscriber now, be on our list for 1923. Many good features will be published in forthcoming issues.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

MOTHER! MOVE CHILD'S BOWELS

"California Fig Syrup" is Child's Best Laxative

Hurry mother! Even a cross, sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "Califfornia" or you may get an imitation fig syrup.

No Matter When You Intend to Buy You Should See the

CHEVROLET

NOW

THE NEW CHEVROLET models embody so many ultra-modern features that they must be seen if one is to appreciate the progress going steadily forward in automobile design and construction.

Please consider this as an invitation to come in and enjoy looking these cars over. It does not matter whether you are ready to buy a car or not. Some day you will, for some day everybody will own one.

Familiarize yourself with automobiles. Make use of this establishment to do so. Those who have never owned cars will buy with more certainty of satisfaction if they know what everybody should know about automobiles. Those who already own cars will find many things in these new Chevrolet's to interest them. All will see a place sincerely dedicated to real service to the motorist.

Come in and get acquainted.

MID-MONTH NEWS AUTOMOBILE LETTER.

While returns are not yet complete, the figures already in leave no doubt that last month's total production, in spite of the holiday interruption, was well in excess of 200,000 cars and trucks, making the eighth consecutive month to pass that figure and setting a new record for November production.

In spite of the expected curtailment this month due to the customary shut-downs for inventory there is every evidence that production will be maintained at an unusally high level, not only to catch up with closed car orders, but to gradually expand open car production in anticipation of the Spring demand. Contrary to the tendency a short time ago, distributors and dealers are now showing a disposition to order and stock cars for Spring delivery.

Practically all the prominent producers are still behind on orders for closed cars, and body makers will be kept going at top speed throughout the winter to make up the shortage at the same time putting through plant expansions to avert a similar shortage next year.

Buick—Turned out slightly more than 16,000 cars in November, and are continuing at rate of about 600 daily for all plants. Still behind on closed car orders, and large proportion of present production is in the popular touring sedan models.

Cleveland—Output still reported ported around 1200, with plans for increasing as rapidly as possible. Closed car business especially heavy, and company is mapping out intensive sales plans for coming year.

Cleavland—Output still reported at 35 to 40 cars daily, although some falling off is not unlikely this month.

Dodge—Output around 500 a day, with factory still behind on closed models, particularly the utility types.

Dort—As result of its increase in business company reduced its indebtedness of more than $1,500,000 by 50 per cent during fical year ending Nov. 1. Output still reported in neighborhood of 100 daily.

Ford—Volume of sales maintained following price-cut has exceeded expectations, and will necessitate production of 100,000 cars in December in spite of holiday and inventory period. New production policy contemplates keeping plants at capacity the year around, manufacturing parts for replacement and stock during the normally duller first and last quarters, and concentrating on car production during the period of peak demand in second and third quarters. Under this plan Ford predicts the output next spring may reach total of 7000 to 8000 cars daily, as compared with 5380 which stands as record to date.

Franklin—Report oversold condition not only on closed cars but on open models as well.

Hudson-Essex—Production of 61,100 in fiscal year ended Nov. 30 was double the output of best previous year, and plans call for increase to 100,000 cars in coming year. Indications earnings per share for 1922 show 500 per cent increase as compared with 1920. Declared regular quaterly dividend of 50 cents and an extra dividend of 25 cents a share, both payable Jan. 2. At same time announced further price reductions ranging from $100 to $200 a car, affecting all models except Essex touring car and cabriolet.

Hupmobile—Present out put reported around 100 daily. 1923 schedule calls for 40,000 cars, an increase of one-third over 1922 schedule of 30,000 which, however, will have been exceeed by approximately 5000 when the year ends.

Nash—Now operating on a schedule of about 170 fours and sixes a day. Stockholders will vote Dec. 16 on plan to capitalize the firm's surplus by authorizing issue of $22,500,000 prefered stock and 300,00 shares of common stockholders to receive three shares preferred and five shares common for each share of present common stock. Original $3,500,000 preferred stock will be retired Feb. 1, at which time the regular 1 and three-fourthh per cent dividend will be paid, as well as an initial dividend on common stock which will put it on $2.50 annuai basis. Distribution of new stock will thus return $33.50 annually for each of the 54,600 shares of present common stock, as compared to former rate of $16 a share on common. Earnings this year are expected to exceed $6,000,000.

Studebaker—1922 quota of 100,000 cars was passed Nov. 15, and total for year will approximate 110,000. 1923 schedule calls for 150,000 which will be possible with plant expansions now under way. Stock dividend of 25 per cent on common stock has been declared payable Dec. 29, and it is intended to continue present dividend rate of 10 per cent on new capitalization.

Willys-Overland—Working force being increased steadily following shutdown for inventory, with intention of building 45,000 Overland and Willys-Knight cars in the first quarter of 1923. Overland exhibit at new York show will display body refinements which have been worked out in the past few weeks.

RUSSIAN CHILDREN WITH ONLY SCANTY CLOTHING, HATE THE SNOW.

Russian children hate the snow this year. They even cry when they see the big flakes coming down, and in many Russian homes there is the prayer that the New Year will bring warm weather. Weather has become the all important issue in this great country where several millions of people are practically without clothes. Boys and girls are wearing sack cloth dresses and suits made of fish net or wrapping paper. Thousands of them have only one garment—a patched and wretched affair made of torn up rugs or old curtains. The furniture and clothing in most Russian homes has long ago been sold for food or used for fuel. The children sleep on the floor or sit huddled nearly naked around a tiny stove. Many of them cannot go out because they have nothing to wear that will protect them from the terrible Russian cold. The only food they get is at the American Relief Administration kitchens where more than a million children are receiving their one meal a day. Unless they can procure clothing they will be deprived of even this. The adults are in the same predicament and in a climate where there is ice and snow for nearly nine months of the year they are in triple danger from exposure, hunger and disease.

To meet this emergency the American Relief Administration has inaugurated a clothing remittance package system similar to the Hoover food remittance packages that saved so many lives. Each package contains nearly 5 yards of dark warm wool cloth, enough for one suit of clothing for an adult or two garments for a child;4 yards of lining; 16 yards of muslin, sufficient for 4 suith of underwear; 8 yards of flannellette, sufficient for two men's shirts or women's shirt waists, and butons and thread to make upthese garments. Through arrangement with the Soviet Government these packages will be delivered free of duty and at the greatest possible speed. If not marked for a special person in Russia the packages will be delivered to the most needy cases. Several thousand American banks and other organizations have agreed to forward the money for these clothing packages, and twenty dollars sent to the American Relief Administration headquarters, 42 Broaodway, New York City, or to a local bank will equip and deliver a package to anyone in Russia.

RED RANGER FARMER KILLS YOUNG SON AND THEN TAKES OWN LIFE.

John Skrla, 33 year old farmer, killed his eight year old son, John Jr., reloaded his single-barrel shotgun and killed himself shortly after 5 a.m. yesterday on his farm a half mile northwest of Red Ranger and about 18 miles east of here, according to the verdict of an inquest held by Justice of the Peace C. L. Gibson of Rogers.

The boy was the child of Skrla and a former wife, and it was said that there had been considerable trouble over the two sets of children in the family

According to evidence brought out in the inquest, Skrla arose, dressed himself, went to the barn and fed his stock and then returned to his room, undressed, and went back to bed shortly before 5 o'clock. A short time later, he arose, took his gun and went to the bed of the 8-year-old boy, who was sleeping on the floor above by himself. It was not known whether the boy was awakened before his father killed him or not. Immediately after shooting the child, the man turned the gun upon himself, according to the evidence.

John Skrla lived on the farm of his stepmother, Mrs. Annie, Cefcek.—Temple Telegram.

IF SICK TODAY! TAKE NO CALOMEL

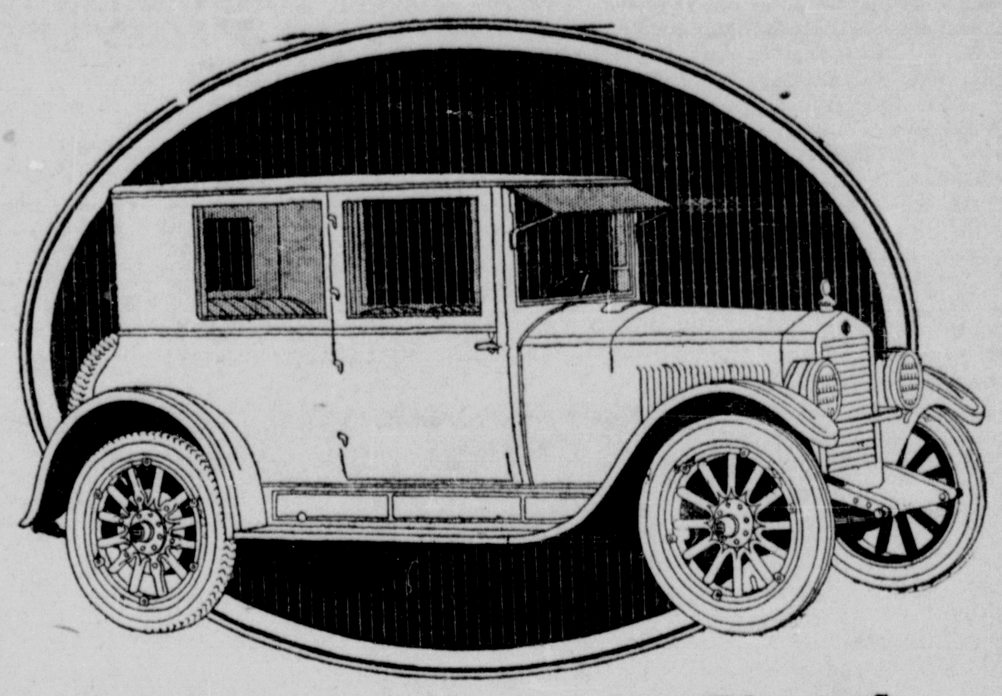
"Dodson's Liver Tone" Straightens You Up Better Than Salivating, Dangerous Calomel and Doesn't Upset You—Don't Lose a Day's Work—Read Guarantee

I discovered a vegetable compound that does the work of dangerous, sickening calomel and I want every reader of this paper to buy a bottle for a few cents and if it doesn't stranghten you up better and quicker than salivating calomel just go back to the store and get your money back.

I guarantee that one spoondful of Dodson's Liver Tone will put your sluggish liver to work and clean your thirty feet of bowels of the sour bile and constipation poison which is clogging your system and making you feel miserable.

I guarantee that one spoonful of this harmless liquid liver medicine will relieve the headache, biliousness, coated tongue, ague, malaria, sour stomach or any other distress caused by a torpid liver as quickly as a dose of vile, nauseating calomel, besides it will not make you sick or keep you from a day's work.

Calomel is poison—it's mercury—it attacks the bones often causing rheumatism. Calomel is dangerous. It sickens while my Dodson's Liver Tone is sane, pleasant and harmless. Eat anything afterwards, because it can not salivate. Give it to the the children because it doesn't upset the stomach or shock the liver Take a spoonful tonight and wake up feeling fine and ready for a full day's work



How Essex Views the Closed Car Question

Until Essex brought out the Coach, a closed car on a first rate chassis could not be at a moderate price.

Buyers took it by the thousands. N othing like it was ever experienced in closed car sales, and in consequence other makers added closed cars to their lines.

But their bid for a share of the trade is not based upon the principle which gives the Essex its destinction.

MARK HOW DIFFERENT IT IS

Elaborate fittings intended to lend an air of luxury are not featured in the Essex.

It is sold strictly on its merits as a complete and superb motor car mechanically. It established itself as one of the leading four cylinder motor cars of the world in performance, endurance, reliability and economy. One stock car under official observation traveled 5,037 miles in fifty hours. Four stock cars each lowered all previous time records between San Francisco and New York.

It is under such a chassis that the Coach is mounted., The same idea of utility guided its creation. It has Staunchness and character. It gives the utility of the costliest cars. It stays tight and secure.

Yet such a delightful closed car does not place the Essex Coach price beyond the reach of those who can afford a good open car.

BETTER HIGHWAYS URGED BY NEFF

GOVERNOR STRESSES NECESSITY OF MAMMOTH PROGRAM.

Johnson City, Texas Dec. 22—"With railroad transportation inadequate to meet present demands, and with agriculture, stock raising, industrial development and economic condition generally demanding more efficient transportation facilities, all thoughtful minds of our state are agreed that a better and more comprehensive system of highways must be constructed and maintained," declared Governor Neff addressing a large audience in this city today. "The only question now arising is as to the best plan for permanent construction and proper maintenance."

He pointed out that up to the present time our remote plan of road building has been based to a large extent on the idea that all roads are county roads and that their construction and mantenance developes upon the commissioners' courts of the respective couties. Under this system and this plan of highway building over a hundred million dollars worth of county highway bonds have been voted by the different counties of Texas and approximately 2800 miles of good roads have been built with an additional 1800 miles of road now under construction.

In addition, over 1200 bridges, many of them of large size, have been built and many dangerous railroad grade crossings have been eliminated. A very serious objection to the present method of road building is that the counties after burdening themselves with large bond issues to take care of the original funds for their proper maintenance. In order to provide a system of highways that will connect all of our rural communities with their respective trade centers, he said "we must get our minds definitely fixed on a great system of highways which is infinitely more than mere public roads."

In his opinion cardinal state highways must be built for the use of all people of our state and of our neighboring states. They must be built under the supervision and direction of our State Highway Department and the expenses of building must be borne by our state with whatever financial aid the national government may see fit to give.

Texas has 180,000 miles of public roads. Of this only 18,000 or 10 per cent are designated as state highways Texas leads all other states in highway building, in the amount of federal aid received for roads, and in the amount of work under construction. Texas has for road building the largest federal appropriation of any state in the union, amounting to approximately $32,000,000. This exceeds the allotment to any other state by more than two and one-half million dollars.

Under the requirements of the Federal Highway Act exclusive authority in the construction and maintenance of the state system of highways must be vested in the state if it is to continue to share in the apportionment of federal funds and Texas has until November, 1926, to comply with this particular provision of the Federal Aid Act. Under our present plan this authority is vested in the various counties. Should one of the counties which has constructed federal aid fail to maintain them, the entire state would be cut off from federal aid.

"Would it be wise for Texas to exclude herself from the use of these millions of dollars in the form of federal aid? Federal aid has been a great incentive to road building in Texas. It has placed road building upon a more scentific basis. Federal aid is recognized as an establshed principle of our national government. Texas sends to Washington her quota of Taxes. She must continue to do so whether or not she elects to take advantage of federal aid offer. The road policy of our national government, distributing federal aid in proportion to the area of the state, operates to return to Texas more than a proportionate share of the national revenue allotment for the building of highways. Under this method of allotment approximately four out of every five dollars of federal taxes spent in road construction in Texas are paid by other states."

"We shall go by the ways of the highways," was the text of the Governor's address, which dealt with the construction of highways, from the efforts of the ancient road builders on down to the present period of civilization. In closing, the Governor said, "Texas now leads all other states in highway building and in the last four years has completed a greater mileage of improved roads than any other state and with her characteristic, indomitable will, she surely wll continue to lead in the great work of the construction of enduring highways."

Ouch! Rub Backache, Stiffness, Lumbago

Rub Pain from back with small trial bottle of old "St. Jacobs Oil."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin.

Limber up! Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.

NOTICE OF INTENTION TO APPLY TO THE LEGISLATURE OF TEXAS WHICH CONVENES IN JANUARY 1923. FOR A SPECIAL ACT.

The undersigned will apply to said Legislature for a special act authorizing the Galveston & Western Railway Company to sell to the Gulf. Colorado & Santa Fe Railway Company, and the Gulf, Colorado & Santa Fe Railway Company to purchase all railroad tracks, real estate, rights of way, street franchises, railroad materials, other property and rights now onwed or hereafter acquired, of the Galveston & Western Railway Company situated in the City of Galveston, County of Galveston, West of the East line of Thirty-eight Street, or any part or parts thereof, including the assignment by the former company to the latter company of all ordinances of the City of Galveston now existing or hereafter passed relating to rights or franchises in the streets of said city West of the East line of said Thirty-eighth Street, and authorizing the Galveston & Western Railway Company to abandon its line of railroad and to relinquish its rail and track materials to the City of Galveston on Ninth Street and on Avenue N. East of the East line of Forty-third Street or East of the East line of Thirty-eighth Street.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Chas. H. Fletcher on the wrapper all these years just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of
Chas. H. Fletcher

THE MAN WHO SAVES YOU MONEY.

HAVE DARK HAIR AND LOOK YOUNG

Don't Stay Gray. Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied, with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through the hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color, and looks glossy, soft and beautiful.

REVISE TAX LAWS PLEADS GOVERNOR IN NEW ADDRESS

NEFF CAMPAIGNING FOR CONSTRUCTIVE LEGISLATIVE PROGRAM.

Fredericksburg, Texas, Dec. 22nd—"If there is any part of the Texas statutes that is rude and crude and inefficient, unjust and unfair, it is that part which contains the Tax Laws of this state" was the startling declaration by Governor Neff in his address.

"Let us remove our constitutional stumbling blocks, rewrite the tax laws fix a standard of valuation make every dollars worth of property and every privilege pay its rightful tribute to the state government. Then our tax burdens, equally borne, will be light on all and we will have money enough to build in this state a civilization worthy of our rare, rich and romantic history. Texas will then within a few years be made the best place in all the world in which to live and prosper."

Continuing, the Governor said that the Constitution of Texas declares that taxation shall be equal and uniform but really we have no tax laws worthy of consideration. He said it requires no expert mathematician to calculate that taxable property in one county assessed at 45 percent of its true value pays annually into the state treasury just three times the amount of taxes as is paid by taxable property though actually of the same true value yet located in another county and assessed at but 15 percent, and this condition prevails throughout the state. It is the rule and not exception. To meet the situation, a majority of states have created State Tax Commissions clothed with power to equalize values. In many instances he pointed out, these commissioins administer all of the tax laws. In none of such states, he said, does there exist inequalities remotely comparable to Texas. Another high spot of his address was that in which he said that a large number of counties in Texas receive more money from the state than they pay to the State, while other counties of equal property value pay to the state far more than is ever received back. He stated that ten counties taken collectively, received back from the state during the three years preceding 1922, all the net taxes from all sources by them paid to the state and in addition the sum of $2,836,385. On the other hand a large number of counties, equal in property pay into the state treasury considerably more than is ever received back.

He declared that the state should have a standard of valuation; that there should be new tax laws reaching into the fild of untaxed taxables tangible, and intangible and a proper understanding of the value of privilege, as well as property, and with coming of these new laws, "there is no sound reason why, with the burden equitably distributed, our tax rate both county and state, should be very materially reduced."

He recomended carefully prepared severance laws to secure just divison of realized income flowing from the oil wells of Texas and other sources of the state's economic wealth. He cited the severance tax laws of Pennsylvania, West Virginia, and Oklahoma, which produce large revenues for the state from coal deposits, iron ore beds and in Oklahoma from the flow of the oil wells. In Oklahoma, he said, the taxes levied equal three percent of the value of all oil produced over royalties, machinery and derricks at well untaxed. In his opinion, a severance tax, whether imposed upon value reached by capitalized earnings or upon gross production, is far more equitable than is the property tax inasmuch as in every instance and before the tax adheres, both volume, value, and income of the several taxable is known.

Speaking of the oil production of Texas, he said, "we are producing approximately ten million barrels of oil a month. We get practically no revenue from it. Under our law the big oil companies that build the expensive filling stations on the street corners throughout the state, pay little or no gross tax on the oil commodities handled by them at these filling stations, while the little fellow who owns no oil wells or refineries, is forced to pay a two per cent gross tax. As a result of this law passed in the interest of big oil companies, the one-horse operator is squeezed out of business and the filling stations owned by the big conecrns control the markets at the oil filling stations of Texas. A law that permits a thing of this kind is fundamentally wrong."

Incidentally, he said, with one exception the principal owners of pipe lines in Texas refuse to make reports required by statute. All refuse to pay the tax imposed. "The contention is that the statute is unconstitutional," remarked the governor. "Were it not for the issue raised, it is estimated that the revenue coming to the state under this provision of the law would approximate two million dollars each year."

Another recomendation should be of interest to those engaged in the oil industry. He declared that it would be better to place pipe line companies and their activities under the operation of the intangible assets law, for the reason that in this manner, their income may be capitalized and a fair valuation for taxing purposes reached. Under an inheritance tax law properly drawn and administered, he said Texas should be receiving from this source of taxation at the present time far in excess of one million dollars per anum. It may interest the tax payers to know that under our present inefficient tax laws, approximaely six million dollars are now due the state as delinquent taxes. This does not include the millions of dollars properly and equitably due the state that never get on the tax rolls.

In justice to the state the Governor said, and in justice to those who do pay their taxes, this past-due money should be collected. If he were writing the tax laws for Texas, he would not levy an ad valorem tax for state purposes, but would not release all property tax to the counties for county purposes. For the maintenance of the state government and all its institutions, its courts and its public highways, he would levy an income tax an inheritance tax, a tax on natural resources, a franchise tax, a tax on certain occupations and corporate privileges. In other words, he would insist, "thou render to Caesar the things that are Caesar's."

He emphasized that assessed valuations shauld be eqaulized to the end that in all sections of the state, both real and personal property should be taxed in proportion to its value. "Let me here state that land taken as a whole is carrying far too much of the state's tax burdens," said the Chief Executive. "It should on its proper share and be so as to valuation that in every county it will bear its proportionate part."

Judge Jeff T. Kemp spent the holidays in Houston with his father and other relatives..

COMMERCIAL CLUB.

Directors Meeting of the Cameron Commercial Club, Friday night Dec. 22, 1922.

Roll sall showed the following present:

Officers—C. W. Lawrence, president; R. H. McIntosh, vice president; W. B. Skelton, secretary.

Directors—J. T. Parma, Robert McLane, C. R. Phillips, W. O. Triggs.

Committee Chairmen—T. S. Henderson, Sr.

T. S. Henderson, Sr., chairman of the Agricultural Committee, reported having a conference with County Agent Banzhaf regarding the exhibition train to be run soon by the S. A. & A. P. R'y and that it had been decided to get as large an exhibit as possible for the train. He announced that he would take up this matter with a large list of prospective exhibitors with a view of having a nice exhibit from Cameron.

Robt. McLane, Chairman of the Finance Committee, to whom the matter of donating $50 to the fee for joining the Brazos River Reclamation Association, recommended that the club donate $25 to this fund and a committee be appointed to raise the other $25. On motion from R. H. McIntosh, seconded by J. T. Parma, report of the committee was adopted and the committee appointed. The chair appointed the following committee: W. O. Triggs, J. T. Parma.

W. O. Triggs announced that the paving election had been called for Feb. 13th, and the proposed bonds would run 30 years instead of 40 as petitioned.

Robert McLane made a motion to allow the court house janitor, Lige Edmonds, $5 as a Christmas present in recognition of his services to the club during the past year. The motion was duly seconded and upon motion from T. S. Henderson the rule requiring such matters to be referred to the Finance Committee were suspended and the motion carried unanimously.

BABE FALLS FROM SECOND STORY AND ESCAPES UNHURT.

Belton, Dec. 25.—The two year old child of Mr. and Mrs. G. M. Horton who live in the vicinity of Midway, between here and Temple, fell from a second story window to the ground fifteen feet below at the home of its parents this afternoon The little fellow was rushed to the sanitarium but upon examination it was found that he was not seriously injured and in a few hours was returned to its home.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60 per bottle.

THE STATE OF TEXAS

CITY OF CAMERON.

On this the 19th day of December 1922, the City Council of the City of Cameron, Milam County, Texas, convened in regular session at the regular meeting place thereof in the City of Cameron, Texas, the following members of the Council, a quorum being present, to-wit: J. B. White, Mayor, Alderman, W. O. Triggs; Alderman, C. R. Phillips; Alderman H. M. Hefley; and George T. Graves, Alderman; passed the following order:

It was moved by Aledrman W. O. Triggs, and seconded by Alderman H. M. Hefley that there be submitted to the qualified voters of the City of Cameron, Texas, who are property tax payers therein the proposition for the issuance of the bonds of the said City of Cameron, Texas, in the sum of One Hundred Thousand Dollars ($100,000.) for the purpose of paving and maintaining the streets within the limits of said City of Cameron. The electon to be held on the 13th day of February, A. D. 1923. The motion carried by unanimous vote of the Council.

Thereupon the following election order was adopted:

Whereas, the City Council of the City of Cameron, Texas, deems it advisable to issue bonds of the said City for the purpose hereinafter mentioned. Therefore, it is hereby ordered by the City Council of said City that an election be held on the 13th day of February A. D. 1923 at which election the following proposition shall be submitted:

Shall the City Council of the City of Cameron be authorized to issue the bonds of said City in the sum of One Hundred Thousand Dollars ($100,000) payable serially in thirty years from their date, and bearing interest at the rate of five and one-half (5 1-2) per cent per annum, payable semi-annually, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to redeem them at maturity for the purpose of paving and maintaining the streets within the limits of the said City of Cameron, Texas.

Said election shall be held at the City Hall in the City of Cameron, and the following named persons are hereby appointed managers of said election: R. E. Sharpe, Presiding Judge; W. B. Skelton, Assistant Judge and Irwin Clary and Moulton Cobb, Clerks.

Said election shall be held under the provisions of Chapter 9 Acts of the 37th Legislature, Laws of 1921, and only qualified voters who are property tax payers of said City shall be allowed to vote and all voters desiring to support the proposition to issue bonds shall have printed on their ballots "For the issuance of paving bonds," and those opposing shall have printed on their ballots the words "Against the issuance of paving bonds." The manner of holding said election shall be governed by the Laws of the State regulating general elections.

A copy of this order signed by the Mayor and attested by the Secretary of said City of Cameron, Texas, shall serve as a proper notice of said election to be posted up at three places in said City of Cameron, one of which shall be at the City Hall of said City, for at least thirty days (30) prior to the date of said election and shall cause a copy of said notice of election to be published once each week for four successive weeks in a newspaper published in the City of Cameron, Texas, the date of first publication being not less than thirty (30) full days prior to the date of the election.

I certify this a true copy.

J. B. WHITE

Mayor of the City of Cameron.

Attest:

R. D. BROWN,

Secretary of the City of Cameron.

Ouch! Rub Backache, Stiffness, Lumbago

Rub Pain from back with small trial bottle of old "St. Jacobs Oil."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin.

Limber up! Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica because you know it will never hurt a cent. It never disappoints and has been recommended for 60 years.

EVANS' Corner

This corner is devoted to business, politics and general news.

What mother could forget the first day her boy went to school? There's a catch in her throat every time she calls up the picture. Such a little chap, with pad and pencil box under his arm, turning an embarrassed face away from her tremulous "Good-by."

Downstreet, whistling and care-free, he trudged while she followed him with yearning eyes. Another milestone lay behind. Her baby was gone forever. The boy must prepare for himself a man's place in the world.

Was he equipped for the task? Five million school children in this country—a fourth of all tne children in all the schools—are not. And what they lack is the most vital weapon of all—good eyesight. They are given splendid school houses, a full equipment of school books and yet neither parents nor teacher realize that many of these children are fighting with the broken sword of faulty vision.

The duty is primarily the parents'. The child himself cannot be depended upon for he doesn't known his eyes are defective. Now should he? How can he compare his vision with standard vision? He has no means whatever of knowing whether his eyes are right. If an eye defect is present he is forced to use up infintely more nervous energy to get that sight than he ought to expend. The immediate result of eyestrain may crop out not in the eyes but in some other part of the body. The upshot is that both the child's health and efficiency are impaired.

GUS EVANS
Jeweler and Optometrist

Geo. A. Thomas & Sons, Drug Store.

CARD OF THANKS.

We wish to express our sincerest thanks and appreciation to our friends and nighbors for their many acts of kindness during our dear mothers illness, also for their words of sympathy and beautiful floral offerings at the time of her death.

Children of Mrs. C. A. Caldwell.

New Year Greetings

To our friends and patrons we wish a very prosperous New Year and very happy one too.

We hope that the coming year will be as successful for you as the one just closing has been for us.

Your patronage has been appreciated and we hope to serve you in the coming year more satisfactory than we have in the past.

THE WATCH BELLS.

Slowly now the bells are tolling
Ringing out the dying year,
Like a sad death knell enrolling
All the deeds of life's career.
Bringing duties long neglected
To our calm, regretful gaze,
Golden moments we rejected
Growing into misspent days,
Calling up the ghosts departed
Of deep sorrow and regret;
Which the faint and lonely hearted
Vainly try still to forget.
Calling up the hopes we cherished
Vows we made twelve months ago,
All along our pathways perished
Like our pleasures here below.
Farewell, days, farewell with sorrow.
This, the fleetest of all years,
May there dawn a bright tomorrow
Blotting out these silent tears.
While the years grow dim and distant
Youthful sorrows pass away,
But the joys of childhood linger
bust to make us bright and gay.
May such mem'ries round us cluster,
Guarding us from future strife,
Shedding still a radiant luster
Through the years of coming life,
Sleigh bells ring a merry chorus,
Wedding bells give happy chimes,
Well it is these bells are ringing
Sweetly, sadly, as they should,
Resolutions yearly bringing
For life of greater good.
May this year, tho passing fleeter,
Find us watching, praying still;
May our duties grow the sweeter
While we do the Master's will.

—W. T.

A PRETTY COMPLIMENT.

A pretty compliment to the approaching marriage of Mr. Joe Denson to Miss Olive McGehee, was the party given them Wednesday evening at the handsome home of Miss Nell DuBois on N. Houston Ave., by the faculty of the Grammer Grade school and friends of Yoe High School.

The entire reception suite was elaborately decorated in Christmas green, holly and mistletoe. The stairway was especially attractive with cedar interwoven with red crepe paper. Hooded lights cast mellow shadows upon baskets of poinsettas which were placed to advantage throughout the suite.

There were seven tables for players covered with the season's colors. Tally pads and score cards were red hearts; 84 favors were candy hearts. Table favors were red baskets filled with red and green mints. At close of the game Mr. Dick Brewer, principal of the Grammar School, in behalf of the faculty, presented the bride and groom elect with a handsome floor lamp, which was a surprise. After much fun and merriment an appetizing salad course was served.

* * *

FORTY-TWO PARTY.

Among the many delightful affairs of last week was the forty-two party given Wednesday afternoon by Miss Ruth Henderson at her home on West 7th street.

Featuring the poinsetta in the red motif of the decorations made a charming setting for the five tables for players which were covered with white paper with Christmas suggestions.

Tally pads and score cards were in keeping with color motif. After a number of spirited games Miss Henderson, assisted by Misses Katie, Winnie and Olive Henderon, served a delicious salad course of cream chicken in patties, olives, sandwiches, pear salad, fruit cake and coffee, which was served on individual plates with miniature green and red lighted candles which cast a pretty glow over the assembly, as the reception suite was darkened with shadowy covers over electric bulbs.

* * *

FAMILY LUNCHEON.

Dr. and Mrs. John Denson were charming host and hostess for a family Christmas mid-day luncheon last Tuesday at their home on West 11th street.

Carrying out the holiday color of red and green in both the decoration and lunch was a pleasing feature. An out-of-town relative was Lieutenant Roy Denson of Camp Logan.

Those partaking of this delightful eat, were: Mr. and Mrs. Lane Denson, Dr. and Mrs. Tom Denson and Miss Mary Sue Denson, Mr. and Mrs. Roy Baskin and son Roy, Jr., Dr. and Mrs. John Denson and daughter, Miss Louise Denson.

SIX O'CLOCK DINNER.

A most delightful affair of the past week was the six o'clock dinner given by Mrs. S. R. McCown at her home on N. Travis Street to her daughter Miss Katherine and a few chum girls.

The home was prettily decorated carrying out the colors of red and green. The table was especially pretty with its small Christmas tree for center where gifts were hung for each guest and were called off just before the last course was served.

Those seated were Misses Reba Young, Harriett Flinn, Lena Bell Baskin, Dorothy Denson, Maggie Reed McCown, Velma Newton and Jane Tyson. Mrs. McCown was charmingly assisted by her daughter, Miss Katherine.

DOCKERY-OLLIGER.

Mr. Avriett Dockery formerly of Cameron and Miss Billy Olliger of Cleburne were quietly married at Cleburne last Saturday evening. Immediately following the wedding they boarded a train for Cameron to spend Xmas with Mr. and Mrs. C. C. Dockery, father and mother and sister Mrs. J. G. Matula.

Mr. Dockery holds a responsible position with the Santa Fe at Cleburne and is a very worthy young man.

Mrs. Dockery is a charming young lady, and before her marriage was a student of the Cleburne high school and would have graduated in the summer had not cupid willed it otherwise.

All Mr. Dockery's friends wish to join in wishing them a long, happy and prosperous married life.

MRS C. A. CALDWELL DEAD.

The subject of this sketch, Mrs. Clarinda Adeline Alexander Caldwell was born August 3rd, 1847 in Hempstead County, Arkansas. Came to Houston County, Texas, when a child. She was married to Thos. Jefferson Caldwell, December 27, 1865, moving shortly after her marriage to Milam County on the Gabriel, at which place they resided at the time of her husband's death in 1888. She has lived in Cameron since 1895.

Mrs. Caldwell had been a consistant member of the Presbyterian church since childhood; was a loving devoted mother, a loyal friend, and in her mouth was the law of kindness. She had been a sufferer for over a year, but at times was exceedingly hopeful of her recovery but owing to her years, was not able to rally sufficient to leave her home at any time, and death claimed her at three o'clock a. m. Tuesday, December 26, 1922. She was the mother of ten children, two of whom preceded her, Edward R. Caldwell died August 30, 1912, and Marian Doke Caldwell died in infancy.

The following children servive her: C. C. Caldwell, Ardmore, Okla., W. M. Caldwell, Cameron; Mrs. M. M. Harris, Rockdale; Mrs. H. N. Harris, Buckholts; Mrs. W. C. Ford, Cameron; Thos. A. Caldwell, Prattsville, N. Y.; Mrs. C. P. McGregor, Cameron; Miss Myrtle Caldwell, Cameron, all of whom were with her at the time of her death excepting C. C. Caldwell, whose health would not permit and T. Allen Caldwell, who hid not receive the message in time to reach here.

She is also survived by a sister, Mrs. Mary Lankford of Atoka, Okla. Mrs. Caldwell was the grandmother of 27 living grand children and great grand mother of 9 children.

The funeral services were held by Rev. H. R. McFayden, pastor of the First Presbyterian church here, Tuesday afternoon at four o'clock December 26, 1922. Interment in Oak Hill Cemetery.

METHODIST CHURCH.

My subject Sunday morning will be: "Where Our Greatest Battles are Fought." The fudamental idea prayer—a fine meditation for the New Year.

Sunday evening Rev. C. T. Tally will preach and hold the first Quarterly Conference. During the services all the officials of the church will be installed. These include the Stewards, officials of the Sunday School, Woman's Missionary Society, Epworth League and Lay Activities Committee. This will be one of the really great services of the year and entirely appropriate for ushering in the New Year.

IRA F. KEY.

MISS CARLTON IS CALLED BY DEATH

HEAD OF NURSES OF SANITARIUM DIES AFTER THREE MONTHS ILLNESS.

Miss Wilma Carlton, for 17 years superintendent of nurses in the Temple sanitarium, known and beloved by the entire medical fraternity of Texas and the close friend of thousands who have passed through the institution and have learned to love her, died at a local hospital at 6 p. m. yesterday. Her death came after a critical illness of three months.

The body will be at the home of her sister, Mrs. John Howard, 114 West Avenue G, until Thursday at noon when it will be taken through the country to Cameron for burial there Friday at 3 p. m. Funeral services will be conducted by Rev. B. A. Hodges of this city.

Miss Wilma Carlton was born at Columbus, Texas, on Sept. 25, 1882 and was reared at Cameron.

She graduated as a nurse at Grand Rapids, Mich., at the U. B. A. hospital in 1904 and came to Temple as superintendent of the nurses in the Temple Sanitarium in 1905. She held that position through the years of growth of the institution until the time of her death.

She is survived by two sisters, Mrs. John Howard of Temple and Miss Nina Carlton of Cameron; one brother, Ruby Carlton of Beaumont, and her mother, Mrs. Seni Carlton of Cameron.

She was taken sick on Sept. 28 and was moved to Rochester, Minn., for treatment when her condition became more critical. About a month ago she was returned to a local hospital where she remained until her death.—Temple Telegram.

The Christmas Tree

THERE'S a stir among the trees,
There's a whisper in the breeze,
Little ice-points clash and clink,
Little needles nod and wink,
Sturdy fir-trees sway and sigh—
"Here am I! Here am I!

"All the summer long I stood
In the silence of the woods.
Tall and tapering I grew;
What might happen well I knew;
For one day a little bird
Sang, and in the song I heard
Many things quite strange to me
Of Christmas and the Christmas tree.

"When the sun was hid from sight
In the darkness of the night,
When the wind with sudden fret
Pulled at my green coronet,
Staunch I stood, and hid my fears,
Weeping silent, fragant tears,
Praying still that I might be
Fitted for a Christmas tree.

"Now here we stand
On every hand!
In us a hoard of summer stored,
Birds have flown over us,
Blue sky has covered us,
Soft winds have sung to us,
Blossoms have flung to us,
Measureless sweetness,
Now in completeness
We wait."

—*Mary F. Butts.*

Old Christmas Returned

ALL you that to feasting and mirth are inclined,
Come, here is good news for to pleasure your mind:
Old Christmas is come for to keep open house;
He scorns to be guilty of starving a mouse;
Then, come, boys, and welcome for diet the chief,
Plum pudding, goose, capon, minced pies and roast beef.

The holly and ivy about the walls wind,
And show that we ought to our neighbors be kind,
Inviting each other for pastime and sport,
And where we fare best, there we most do resort;
We fail not of victuals, and that of the chief,
Plum pudding, goose, capon, minced pies and roast beef.

All travelers, as they do pass on their way,
At gentlemen's halls are invited to stay,
Themselves to refresh and their horses to rest,
Since that he must be old Christmas' guest.
Nay, the poor shall not want, but have for relief,
Plum pudding, goose, capon, minced pies and roast beef.

—*Old Carol.*

CATHOLIC CHURCH.

Early morning Christmas services were held in the church of St. Monica's on Christmas Day, Monday Dec. 25th. Overflow crowds attended the early Mass at five a. m. Three Masses were celebrated by the Rev. Father Spinnewebber, local pastor of St. Monica's, one at 5 a. m. 8 a. m. and High Mass at 10 o'clock. Benediction of the Blessed Sacrament closed the services. In the evening the ladies of the St. Ritas Circle entertained the children of the parish with a Christmas tree in the Parish hall, the children were the recepients of numerous gifts from the ladies.

REV. TALLEY TO PREACH HERE SUNDAY NIGHT

Rev. C. T. Talley of Marlin and Presiding Elder of this district will preach at the Methodist church, Sunday Evening at the appointed time.

Rev. Talley is one of the leading preachers in the Texas Conference, and has held some of the leading appointments in the conference.

There shall be held after this service the First Quarterly conference, and all church officials are urged to be present.

The public is cordially invited to attend this service.

CHRISTMAS DANCE.

One of the most enjoyable dances of the season was given last Tuesday evening at the Dance Hall. The affair was largely attended, many out-of-town guests being present.

Music was furnished by the "Howell Time Keepers" assisted by Steve Gardner, of Austin, a noted Saxophone player who played with Ted Lewis' Jazz Band in France during the war.

LOST CHILD FOUND ASLEEP IN OFFICE.

(Continued from page one.)

father of the child. The north wing of the building was searched but no trace of the child was found. Coming back to the south extension of the building Mr. Kennedy noticed that an office door stood slightly ajar and on going into the office found the child fast asleep on a sofa in the reception room of the office.

It is believed the child was asleep when it left the show and quite by accident went up the flight of stairs. The mother was overpoyed and insisted on carrying the child in her arms down the stairway.

ESTIMATES SAY TEN THOUSAND BOUGHT HERE.

New Year Greetings

As the New Year approaches we wish to extend to our many patrons and friends our wishes for a prosperous New Year and may it be a happy one.

To you who have made our business so successful, through your generous patronage, we hope that you will be equally as prosperous the coming year as we have been the one just closing. We hope that we will be able to serve you in the future as we have in the past. Your business has been appreciated more than we are able to tell.

Thanking you and best wishes for the coming year.
